

Loan Repayment & Loan Disbursement Keywords

Existing classifier rules reference

Generated from kredit_lab_classify_track2.py on 2026-07-14

This reference summarizes the currently coded C10/C11 facility rules. C10 captures loan disbursement / factoring credits. C11 captures loan repayment debits. Review-only loan-shaped rows are surfaced separately and do not change facility totals.

Classification Conditions

Booked Facility Rules

Primary C10 / C11 decision paths

```
C10 if side == "CR" and LOAN_DISBURSEMENT_RE.search(description)
C10 also if analyst-confirmed factoring entity appears in counterparty or description
C11 if side == "DR" and LOAN_REPAYMENT_RE.search(description)
    and not BANK_FEES_RE.search(description)
```

- Loan disbursement is credit-side only. Keyword hits on debit rows do not book C10.
- Loan repayment is debit-side only. Keyword hits on credit rows do not book C11.
- Bank fee precedence protects rows such as OTHER TRANSFER FEE Term loan from being counted as loan repayment.
- Factoring entities are analyst-confirmed names; if supplied, a matching credit row is treated as C10 even without the tier-1 disbursement keyword.

Financier Counterparty Fallback

A debit can also become C11 when the counterparty name looks like a financier, even if the memo only contains an agreement or contract number.

Name-based C11 guard

```
counterparty matches: <BRAND> CREDIT / CAPITAL / LEASING / FINANCE / FINANCING
excluded if name contains: INSURANCE, TAKAFUL, GUARANTEE, ATM, GIRO, CASH,
    WITHDRAWAL, FEE, INTERBANK, VELOCITY, RINGKASAN, SALARY, PAYROLL,
    DEPOSIT, REVERSAL, REFUND, CARD, SHARE, EQUITY, or SERVICE CHARGE
excluded if counterparty has natural-person markers such as BIN, BINTI, A/L, A/P
```

Review-Only Safety Net

The classifier also keeps a loan-shaped review list. These rows are not booked into C10/C11 totals. They are shown so analysts can review possible facility rows that were not classified.

- **LOAN / LOANS, LOANS/FIN, FINANCING, PEMBIAYAAN, ANGSURAN**
- **INSTALMENT / INSTALLMENT, HIRE PURCHASE, HP LOAN, REPAYMENT, DISBURS***

Review rows are skipped when already classified, when amount is zero, or when the description looks like marketing/rate disclosure noise such as PEMBIAYAAN RUMAH, TERM DEPOSIT, FIXED DEPOSIT, FINANCE ACT, KADAR ASAS/PEMBIAYAAN, FINANCIAL SERVICES, or FINANCING PRODUCTS.
